Everyday life is commonly characterised as uncomplicated and routine. Nevertheless, some everyday lives are challenging, especially when experienced in prisons and conflict zones, and by marginalised, colonised, and repressed groups. This symposium will explore everyday heritage and difficult legacies, starting with the work of our international keynote speakers – Laura McAtackney (University College Cork, Ireland) and Timo Ylimaunu (University of Oulu, Finland) and drawing in diverse perspectives from Western Australia and all around the nation. Please join the conversation hosted by the ARC Everyday Heritage Linkage Project team and our special guests at this in-person, one-day Symposium at the University of Western Australia (UWA).
